

FARMERS MARKET

Vender Spotlight

Great Harvest Bread Company

Great Harvest Bread Co. is in downtown Delafield and is a locally owned bakery that uses fresh ingredients. We start by milling our own wheat to make our whole grain bread and use honey as the sweetener and preservative. We develop many of our own recipes to provide new and exciting products while still baking our customers everyday favorites. We also support local businesses by selling their products, many of which are represented at local farmers markets.
